Overview:									
Eyes:	Causes serious eye irritation.								
Skin:	Causes skin irritation.								

Extinguishing Media:	Recommended	extinguishing media:	alcohol resi	stant foam, CO ² , powder, water spray. Do not use water jet.	
Special Hazards:	Do not breathe mist/vapors/spray. Can be dangerous when exposed to extreme heat and flame. May form flammable or explosive mixtures with air at room temperature. Vapors may concentrate in confined areas. Irritating or toxic substances may be emitted upon thermal decomposition. Thermal decomposition products may include oxides of carbon as well as smoke and fume.				
Advice For Firefighters:	Evacuate area. Prevent contamination from run-off of adjacent areas, streams, drinking water and sewers. Do not flush down sewers or other drainage systems. Exposed firefighters must wear standard protective equipment and in enclosed areas self-contained breathing apparatus. Use water-spray to cool fire exposed surfaces and personnel.				
ERG Guide No.					
SECTION 6	ACCID	ENTAL RE	LEAS	E MEASURES	
ersonal Precautions, Protective Equipment and Emergency Procedures:	Remove sources of ignitions, do not turn lights, or unprotected electrical equipment, on or off. In case of a major spill, or spillage in a confined space, evacuate the area and check that solvent vapor levels are below the Lower Explosive Limit (LEL) before re-entering.				
Environmental Precautions:	Do not allow sp	bills to enter drains or v	water course	35.	
Methods and Material For Containment and Cleaning Up:	materials (e.g. preferably with	sand/earth/vermiculite a detergent. Do not u	e). Place in c se solvents.	ake the personal protective measures listed in Section 8. Contain and absorb spillage with non-combustible alosed containers outside buildings and dispose of according to the Waste Regulations (see Section 13.) Clean, Do not allow spills to enter drains or water courses. If drains, sewers, streams or lakes are contaminated, infor a of contamination of rivers, streams, or lakes, the Environmental Protection Agency should also be informed.	
SECTION 7	HANDI	ING AND	STOP	RAGE	
Precautions For Safe Handling: Conditions For Safe Storage:	Handle containers carefully to prevent damage and spillage. Do not get in eyes, on skin or on clothing. Do not breathe vapors or mists. Keep container closed. U only with adequate ventilation. Use good personal hygiene practices. Wash hands before eating, drinking, smoking. Remove contaminated clothing and clean before reuse. Destroy contaminated belts and shoes and other items that cannot be decontaminated. See Section 2 for further details [PREVENTION].
